

SA341133

UNUSUAL PAIR OF QUEEN ANNE STYLE BRASS CANDLESTICKS

Price

Sold**Item Reference: SA341133****Date of manufacture: 1860**

Description

Very unusual design pair of Queen Anne style brass candlesticks. Moulded octagonal bases with square stems. I'm pretty sure this pair of sticks is not of Queen Anne age as they feel a bit too sharp to me but I could be wrong. I've put them down as 19th century. They are though a very nice and unusual design. SIZE; 3 1/2" square base. 7" high Part of a large private collection of early brass candlesticks recently purchased. More to come shortly.
