Description

A gents 1940s Nisus Standard chronograph wrist watch. The watch has a hand-winding movement which is ticking away nicely and the time keeping is good to within around two minutes over 24 hours. The watch measures 36mm diameter excluding the winding crown, buttons and lugs. The case is gold plated and the condition is very good, and the tear drop lugs are a particularly handsome feature. The snap-on case back is stainless steel. The lens is in very good condition. The signed dial is in its original finish which has a nicely aged patina. The chronograph is operated by pressing the top button to start the chrono hand and the bottom button to stop and subsequently re-set to zero. There are two subsidiary dials, one to record up to 30 minutes and the other for constant seconds. The watch has a later green leather strap. PRICE INCLUDES WORLDWIDE POSTAGE
