Gents antique trench with 24
hour dial

Price

Sold

Item Reference: SA341948

Date of manufacture: 1910

Description

Gents antique trench with 24 hour dial. The watch has a hand-winding movement which is working well and the time keeping is good to within around five minutes over 24 hours. The watch measures 34mm diameter excluding the winding crown and the fixed wire lugs. The nickel case and glass are in good condition with just minor marks. The white enamel dial has a short faint hairline crack underneath 11 and 12 but it is really only visible through a magnifying loupe. Blued steel hands (much of the infill has fallen out over the years), a subsidiary seconds dial and an outer minute track. A later black leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
