Description

A fine, early and very rare French CARRIAGE CLOCK in beautiful original condition. The case is one of the earliest "multi-piece" designs, engraved all over and the shaped handle features 'leopard's head' finials. The 8-day movement strikes hours and half-hours on a "square" sectioned bell, with alarm work; original (very early) lever escapement; outside countwheel and beautiful hammers, whilst the enamel dial is perfect as are the unusual blued steel hands. The back is solid and 'shuttered' with access to all winding squares, and it is complete with its original (possibly unique) numbered winding key. **Perhaps by Bolvillier or even Paul Garnier. A very special and quite large carriage clock.
