Description

A Good Set of 6 Victorian Gothic Jacobean Style Oak Dining Chairs This is a superb well carved set of High Back Dining Chairs, the carving shows Eagles and Fruit of the Forrest, the chairs have a good patina and the quality of the carving is first-class. The chairs have good sturdy oak frames with barley twist turned, columns, legs and stretchers, the frames are heavy and benefit from small casters to the front legs making them easy to manoeuvre under the dining table. The chairs are in very sound condition with no loose joints, they are in very good condition for their age, with a few old well carried out repairs, the upholstered seats and backs are tidy if the colour is not to your liking they would be simple to recover. The chairs are 45" high at the back, 18" across the front and seats are 19" high.
