Description

Longines solid 18ct gold gents wristwatch. This is a wonderful example of a gents classic wristwatch made by the world renowned premier Swiss maker Longines. The movement has been totally overhauled and is running within 0 to +1 second per day in all five positions. These 30L manual wind movements are probably the best movements ever made by any manufacturer. The dial is totally original and has never been touched, it has a very rare starburst texture centred on the subseconds hand. The hands and winding crown are all original and the serrations on the crown are still very sharp to the touch. The Longines made case is in remarkable unblemished condition with no dents or scratches anywhere and has nice sharp edges and contours. the serial number on the inside of the caseback matches the number on the movement. Its in a rare oversize case measuring 36mm in diameter without the crown. It is also pictured with its original solid 18ct rose gold bracelet which has had a small extension piece added during the course of its life. It comes complete with a new premium quality black leather strap. The price including the gold bracelet is £2950 and with the leather ...
