Description

1920s Record Dreadnought Trenton pocket watch. The watch has a stem-winding movement which is ticking away nicely and the time keeping is good to within around two minutes over 24 hours. The movement is protected by an inner hinged dust cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the English watch case maker Aaron Dennison. The case is in good condition with just light surface marking, nothing serious at all. The plastic lens is in very nice condition. The dial is in beautiful condition and the Breguet style hands are a very handsome feature. There is also a subsidiary seconds dial and an outer minute track. PRICE INCLUDES WORLDWIDE POSTAGE
