Description

This wonderful quality late Victorian, circa 1880/1890, revolving desk chair, has been lovingly restored and upholstered to a high standard, and will afford its new owner many more years of good service. On first seeing this chair, it was refreshing to find that after a century of daily use the decorative walnut frame and original surface was still in remarkable condition - and above all it was comfortable and the perfect height! This chair has undergone complete refurbishment to all its moving parts, and has been re-upholstered in a top quality olive green leather hide, (this subtle colour seems to be problematic for the camera when photographing from a distance, please view the close up image of the hide to see a better representation) Measurements - 24 inches wide 37 inches High 20 1/2 inches to top of leather seat Carriage is nearly always carried out personally within London, Surrey and Sussex - Delivery is free for clients within mainland Britain - Professional, competitive and trusted courier and shipping companies are engaged for the remainder of our customers.
