Price

Sold**Item Reference: SA345581****Date of manufacture: 18th Century**

Description

A good sized Oak Coffier of good colour and patina, it has wonderful carving to the frieze, front and sides. The front panels are carved with traditional lozenge patterns. Dimensions are approx. 49 inches wide, 22 inches deep and 31 inches tall. As shown in the pics it has a narrow piece taken from the internal base as it has been used for wires connected to a music system, the missing piece is still with the coffer. It has the original back boards.

Internal Ref: 023288
