Victorian Brass and Iron Half Tester Double Bed

Price

Sold**Item Reference: SA349602****Date of manufacture: 19th Century**

Description

Victorian Brass and Iron Half Tester Double Bed This is an unusual piece, the bed has decorative head and foot ends and has tall bed posts at the head supporting a canopy, this would have been hung with drapes in its previous life. The bed is made in cast iron, and it is a sturdy piece, the finish has been taken back to bare metal in the industrial antique style so popular at the moment, but this also means the the surface is ready to paint without any further preparation if preferred. The bed comes from the Industrial Times of the 19th Century, we can date it exactly to 1870 by the registration marks on it. The bed is 90" high when assembled, it is 55" wide and takes a mattress 54" x 75" and comes with a new purpose made slatted base JC83 We Give Free Delivery to Mainland England & Wales, to see all of our current stock please visit our web site at www.elmgarden.co.uk Delivery times vary from 7 to 28 days.
