Description

Circa 1890-1915 this porcelain and brass lamp was once an oil lamp, and the oil parts have been sealed to prevent damage. The lamp is in very good condition, and It is the most gorgeous colour, with no variation in shade anywhere. It measures 39cm up to the base of the lamp holder, and stands on an 18cm wide triangular brass base. We have had it wired for electricity by a qualified electrician to UK specifications; he used dark flex cable and kitted it with an online switch. Postage and packing has been included in the price for the UK mainland only or the light can be viewed and collected in the Surrey area by appointment. For delivery elsewhere, please contact us at lancasterantiques@ymail.com, thank you.
