Description

This gorgeous solid mahogany and mahogany veneered bed was crafted with utmost care during the late nineteenth to early twentieth centuries. The deeply patinated and perfectly colored surfaces are vibrant and very striking, particularly when set against the oxidized brass trimmings and mounts. The arched crest of the headboard is flanked by finely cast brass acanthus finials on either corner, the same treatments replicated in the footboard. The bed rests over bold turned feet and is joined with a three-part rail on either side, the whole crafted with fully solid mahogany. This large king size bed is suitable for a 170 cms x 200 cms mattress size. Head height 59", foot board height 35", side rail height 14". We also have a well complimenting armoire available, see last image , for £895; some foxing within mirror. Mirror could be replaced for an additional £200. Price includes 2" deep mini box base which offers excellent support to superior quality mattresses. We can also supply hand made mattresses in all comfort choices. Details available on request or on our web site. We can arrange national and international delivery with reliable couriers. Please send postcode/...
