

SA354815

AN EARLY 20TH CENTURY CHANDELIER

Price

Sold**Item Reference: SA354815****Date of manufacture: 1900**

Description

Until recently, this chandelier could only be lit by candles. We are the first to have it converted to electricity, and it has been wired for the UK market by a professional electrician. It is an elegant, nine arm, all original drops and glass candle cup chandelier, dating from around the early part of the 20th Century. It measures approximately 94cm in length (from the ceiling hook to the bottom of the longest drop) and approximately 56cm in width. It can be viewed in the Berkshire area, or we can arrange for a courier to deliver to mainland UK.

Internal Ref: 1298
