Description

1920s silver Longines pocket watch. The watch has a stem-winding movement which is working nicely and the time keeping is good to within around two minutes over 24 hours. The movement is signed Longines, and it has the serial number 4,295,407 which dates it back to 1925. The movement is protected by an inner hinged cover which has the Longines name and details of Grand Prix medals won. The watch measures 50mm diameter excluding the winding stem and the loop. The case is 800 silver with rose gold wash highlights around the bezel and also around the case back; some of the wash has rubbed off over the years. The case is in good order with engine turned detail to the back and a central vacant cartouche. The watch has a glass lens which is in good condition. The white enamel dial is signed Longines; it is in lovely condition with Breguet style hands.
