

SA355160

Pair of Japanese Meiji Silkwork Picture of Dogs

Price

Sold**Item Reference: SA355160****Date of manufacture:**

Description

A pair of Japanese Meiji period silkwork pictures, early 20th Century, worked with silks in tones of browns, black and white on an ochre coloured silk ground, one depicting a Pekinese the other a pair of Spaniels in the manner of Landseer. In overall good condition with no fading. The Pekinese example has a stain to the silk at the bottom left but this appears much more noticeable in the photograph than in reality. Later framed.
