Description

This beautiful Qashqa'i rug, made circa 1870, has a myriad of creatures of all kinds depicted in the indigo-blue field. Look to the lower left of the top large lozenge and you will see a horse and rider and then just cast your eye over the entire field - which might take several hours, even months - and you will find many interesting animals and symbols! All dyes are vegetable and the rug is in good condition, albeit evenly low pile all over, but not worn. The ivory border is a powerful frame to a magical rug. Size: 2.40m x 1.45m (7' 10" x 4' 9").
