Description

A fine quality small sized rosewood mantel clock by Charles Hanson, High Holborn, London. Date: 1830 Height:11" Width:7" Depth:5" The fine quality single fusee 8 day movement with original anchor escapement, shaped plates with knurled pendulum restraint and London style heavy brass bob pendulum with inverted rating nut, fully restored with a twelve month mechanical guarantee. The beautiful patinated case with rich colour and figuring, having a well executed carved and gadrooned top surmounted with turned wooden finial. The sides having brass bound arched glazed panels revealing the fully restored brass movement, glazed opening door to the rear. The case of typical William IV design standing on turned bun feet with gadrooned applied fans above the glazed door. The shaped and engraved silvered brass dial with Roman numerals to the circumference, signed Chas Hanson, High Holborn, London to the upper part of the dial, with cast brass reflector mask. Original blued steel hands. Original locks and key. Overall a very fine clock of small proportions in fine original condition with the movement restored to the highest possible level.
