Description

A fine quality timepiece Skeleton clock by Dyson of Leeds, circa 1880, with the original marble base and glass dome. The beautifully polished scroll frame united by screwed shaped turned pillars. The chain driven single fusee timepiece movement with colleted anchor escapement. Fine quality wheel work throughout, all the decorative steel work blued. Substantial brass bob pendulum with knurled transportation restraint. Original blued steel hands. The beautiful foliate scrolled silvered and engraved dial with Roman numerals, with silvered makers name beneath signed for the Dyson Leeds. The clock mounted on the original two tier white marble base and bun feet, with the original glass dome, both in perfect condition. A very fine and original clock in fully restored condition. Height:17" Width:11" Depth:7" Please visit our website for further details about us www.storyclocks.co.uk
