Antique Nallog full hunter pocket watch

Price

Sold**Item Reference: SA358160****Date of manufacture: 1920**

Description

Antique Nallog full hunter pocket watch. The watch has a Swiss stem-winding movement, with seven jewels, which is ticking away nicely and the time keeping is good to within around two minutes over 24 hours. The movement is protected by an inner dust cover. The watch measures 50mm diameter excluding the winding stem and the loop. The gold plated full hunter case is the Star model which was made by the English watch case maker Aaron Dennison. The case back has a minor indentation and there are light surface marks but overall the condition is good for a piece of its age which is early 20th Century. The push button starts to release the front cover although it needs a little help with a nail to open fully. Inside there is a glass lens which is in good condition, over a signed enamel dial with blued steel hands, a subsidiary seconds dial and an outer minute track. There is a short faint hairline crack between 3 and 4. PRICE INCLUDES WORLDWIDE POSTAGE
