**Item Reference: SA361467**

**Date of manufacture: 1800**

## Description

Good early 19th century Sterling silver ladle of medium size. Great shape and design. The nice shape handle with Regency styling to the end. The shell shaped bowl is particularly nice. Unfortunately the marks are very rubbed but I would date this to the first quarter of the 19th century. Definitely silver. SIZE; 12" long. 3" diameter bowl.
