Description

A gents vintage silver wrist watch, 1929. The watch has a Swiss hand-winding movement which is ticking away nicely and the time keeping is good to within around two minutes over 24 hours. The watch measures 29mm wide excluding the winding crown and 29mm high excluding the fixed wire lugs. The case is silver and there are hallmarks inside the case back for London (import mark) 1929, with an importer's mark for George Stockwell. The back of the watch is engraved with a presentation engraving from Broadstairs & St Peters UDC (Urban District Council). The front and sides of the case are in good condition - there is some unevenness to the case back. The lens is in good order. The dial has a good look with the red number 12, handsome hour and minute hands and an outer minute track. The watch has a vintage brown leather strap which has wear but also has a great vintage look and it sits nicely with the watch. PRICE INCLUDES WORLDWIDE POSTAGE
