A lady's antique silver fob watch and albertina

Price

Sold**Item Reference: SA363099****Date of manufacture: 1900**

Description

A lady's antique silver fob watch and albertina. The watch has a key-winding movement which is keeping good time to within around five minutes over 24 hours. The movement is protected by an inner hinged cover. A winding key is included. The watch measures 38mm diameter excluding the stem and the loop. The case is silver and there are Swiss silver hallmarks inside both of the back covers. The outside of the case is beautifully detailed and the condition is very nice with just a little unevenness to the back. The plastic lens is in good condition. The enamel dial is exquisitely detailed and in lovely condition too. Blued steel hands. The watch comes with a white metal albertina, probably Continental silver but unhallmarked. The albertina measures 21.5cm long including the T-bar and the clasp. The watch comes in a presentation box - it is a bit tatty but still nice to have. PRICE INCLUDES WORLDWIDE POSTAGE
