Description

A lady's 18ct gold Omega wrist watch. The watch has a hand-winding movement, calibre 244, which is ticking away nicely and the time keeping is good to within around one to two minutes or so over 24 hours. The movement is signed with the Omega name and the serial number dates it back to around 1959. The watch measures 19mm diameter excluding the winding crown and the lugs. The case is 18ct gold and there are Continental marks inside the case back together with the Omega triangular stamp. The case is in good condition and the front section has a small hallmark to the side to confirm that it is also 18ct gold. The winding crown is a later replacement. The lens is in lovely condition. The signed dial has the raised Omega logo. The dial is in its original finish and there is some freckling. The watch has a later black leather strap with a gold plated buckle with the Omega logo. PRICE INCLUDES WORLDWIDE POSTAGE
