Description

A gents 9 carat gold Vertex Revue wrist watch. The watch has a signed calibre 77 hand-winding movement, with 16 jewels, which is ticking away nicely and the time keeping is good to within around two minutes over 24 hours. The watch measures 30mm diameter excluding the winding crown and the lugs ... it would suit a man with a slimmer wrist or could be worn by a lady. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1956 together with the maker's mark for the English watch case maker Aaron Dennison. The case has light surface marks but overall is very acceptable for a 1950s piece. The lens is in good condition. The signed dial is in good condition too and has its original gold coloured feuille shaped hands, centre seconds hand and outer minute markers. A new black leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
