Description

An imposing Victorian mantel clock with a slate and marble case. The 8 day, pendulum movement strikes on a bell on the half-hour and the hour. It has just been fully overhauled by our BHI registered staff. The white enamelled dial has a cast brass bezel and bevelled glass. It has a Brocot open escapement and black Roman numerals. The open escapement allows the motion of the pallet to be seen working over the top of the escape wheel. The clock has a large glazed opening to the lower half of the case in which the very attractive brass pendulum can be seen in motion. Dimensions: Height 18" (45cms) Width 14" (36cms) Depth 6" (16cms)
