Description

A vintage 1930s Revue stem winding pocket watch. The watch has a stem-winding movement which is working nicely and the time keeping is good to within around two minutes over 24 hours. The movement is stamped 15 jewels, Swiss made and the Revue calibre number 30. The watch measures 51.6 mm diameter excluding the winding stem and the loop. The nickel case has light surface marks from use and the odd minor mark to the outer edge. The case has a screw on front and back. The plastic lens is in nice condition. The silvered dial has light surface marking mainly to the sub second dial but overall it is in nice condition for a 1930s piece. The watch has its original blued steel hands. Price includes worldwide postage.
