Description

A gents vintage silver wrist watch, 1930. The watch has a Swiss hand-winding movement which is ticking away nicely and the time keeping is good to within around 2 - 3 minutes over 24 hours. The nicely jewelled movement is stamped Swiss made. The watch measures 32 mm wide excluding the winding crown and 32 mm high excluding the fixed wire lugs. The case is silver and there are hallmarks inside the case back for Glasgow (import mark) 1930, with an importer's mark MW. The case has light surface marks from use and the odd small "ding" to the back but overall it is in nice condition for a 1930s piece. The lens is in nice condition with only the odd minor mark. The dial has a good look with the red number 12. The dial has faint hairline cracks although not over noticeable. The watch has blued steel hands. The watch has a later brown leather strap. Price includes worldwide postage.
