Item Reference: SA371106

Date of manufacture: 1750

Description

A fine quality George III flame mahogany longcase clock by Thomas Hill of Fleet Street London c.1780 Maker: Thomas Hill, 18 Fleet Street, London 1780 -1784 Date: 1780 Height: 7ft 8" Width: 19" Depth: 9.5" Provenance: Hillborough Hall, Thetford, Norfolk The high quality case very much in the style of Thomas Mudge/ John Holmes, veneered in beautifully figured flame mahogany, with a solid oak carcass. The break arch hood surmounted by a single pedestal with gilded wooden ball finial, below canted stop fluted corners. The hood sides with intricately worked rectangular sound frets. The razor edge moulded long trunk door with curled mahogany veneers. Raised panel to the base with London style double plinth. The twelve inch break arch silvered brass dial signed Thomas Hill, Fleet Street London, to the centre. Having a subsidiary strike/silent dial to the arch, subsidiary seconds dial and calendar dial above VI. The high quality movement is of eight day duration, the shouldered plates united by five knopped pillars, anchor escapement and strikes the hours on a single bell, with strike silent facility. The original brass cased lead weights and brass bob pendulum with brass strap F...
