Description

Outstanding Omega gents wristwatch. This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. The watch is the calibre 471 fully automatic movement, the very first full rotor automatic and also the the first square dial automatic. The silver dial, hands and winding crown are completely original and in remarkable condition, it also has the Omega symbol crown and is fully marked Omega on the dial, movement and case as you would expect. It also has a genuine Omega buckle fitted. This watch is completely original, the only replacement being the new glass and it comes with its original box. The square case is of solid 14ct gold and is heavy with the Swiss squirrel hallmark for 14ct and the reference number of 3971, it measures 28mm square excluding the winding crown. The case has been professionally polished so it is in exceptional condition. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. Overall this watch is in outstanding condition and highly sought after by Omega collectors indeed it looks as if it was rarely worn. The watch h...
