

SA372451

An antique Omega pocket watch

Price

Sold

Item Reference: SA372451

Date of manufacture: 1920

Description

An antique Omega pocket watch. The watch has a good quality stem-winding movement which is working nicely. The movement is signed with the Omega name together with the serial number 6352234 which dates it back to the mid 1920s. The movement is protected by an inner hinged cover ... it has some scratching where it has been opened in the past. The watch itself measures 49mm diameter excluding the winding stem and the loop. The nickel case is in good condition for its age with just a couple of indentations to the back and some general surface marks. The back of the watch has engraved initials. The inside of the case back has the early Omega stamp. The watch glass has very light marks and is very acceptable. The white enamel is signed with the Omega name and logo. If you look closely, there are a couple of short hairline cracks through number 11, and some damage towards the edge of the bottom of the dial. PRICE INCLUDES WORLDWIDE POSTAGE
