Price

**Sold****Item Reference: SA373524****Date of manufacture: 1860**

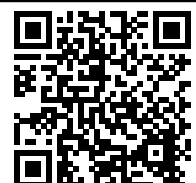

## Description

Rare pair of antique Swedish Biedermeier Empire stools in satin birch, with sabre legs & side handles. They are in good condition & I would date them roughly to around the 1860-80's period, but they may be older. We have just had them polished & re-upholstered. There are a couple of old repairs showing under the upholstery, where someone has strengthened the legs & we have just left them showing, because you can only see them if you turn them over. This pair of stools would look great at the end of a double bed. Width - 22", 56 cm Depth - 14", 36 cm Height - 21.3", 54 cm Seat Height - 18", 46 cm
