Depth = 13.97 cm (5.5")

Description

C19th mid-Victorian period figured and burr walnut library 'drum' table. Fitted with 4 opposing mahogany-lined frieze drawers all retaining original turned knob pulls, and mounted upon a carved baluster vase column base with 3-splay carved cabriole leg supports fitted with concealed original brass castors. Thumb-moulded edge top fitted with a quality replacement hand-tooled gilt and 'blind'-tooled burgundy/claret leather insert with sympathetically aged surface. The rich burgundy leather centre with gilded band of outer classically-inspired motifs, an inner gold line and large central 'blind' motif, provides an arresting combination and contrast with the beautifully figured walnut veneered border. The quality walnut veneers are of highly-figured and burr grain, whilst the base is carved from solid walnut. A robustly constructed table on which top quality materials have been employed. This table has been fully re-polished and refurbished in the traditional manner in our workshops. A great hall, library or centre table in ready-to-use condition. Dia. 44" Depth of top 5.5" H 29.5" England c.1860

Internal Ref: ML1510
