Description

Professionally restored. This is a fabulous opportunity to acquire a pair of solid brass standard lamps dated to around 1910. Originally candlesticks which have been converted they are wonderful in the classic ballaster style standing on square bases. They have been totally rewired by a fully qualified electrician and are ready for immediate use. They also come with brand green coloured shades. They are in excellent condition with the brightness of the solid brass yet retaining the patina which you would expect of pieces of this period. They measure 21.5 inches in height including the green shades and the shades are 14 inches in diameter. This is a beautiful genuine pair of lamps and not to be confused with reproductions.
