

SA375481

19th CENTURY BRISTOL BLUE DECANTER SET WITH STAND

Price

Sold**Item Reference: SA375481****Date of manufacture: 1860**

Description

This is a wonderful top quality piece of Bristol blue glass. Great quality pair of Bristol blue and silver plate mounted decanters with beautiful design original silver plate stand. They also come with their original silver plate decanter labels of unusual design for BRANDY and WHISKY. The silver plate stand is fully marked underneath as can be seen in the photos. The decanters also have both their original silver plate and cork stoppers inside. Both decanters are in perfect condition with no damage. The silver plating on both the stand and the decanters is in first class condition, the only rubbing is on the stoppers inside. As good a decanter set in Bristol blue glass as I have seen for some time.
