Description

Very attractive and totally authentic 1930's Art Deco French clock by Dep. This clock has a wonderful geometric case, quite hard to source. The condition is good but there is some cosmetic aging you can see from the pictures, nothing unsightly but mentioned here for accuracy. This clock is working and keeping good time with a mellow tick, however we don't give any guarantees with the alarm. Measurements: Height = 3" (Approx 7cm) Width = 6" (Approx 15cm) Depth = 2" (Approx 4cm)
