Description

A gents WW1 1915 silver trench watch. The watch has a Swiss hand-winding movement with 15 jewels which has been checked and is keeping good time to within around two minutes over 24 hours. The watch measures 31mm diameter excluding the winding crown and the fixed wire lugs. The case is silver and there are hallmarks inside the hinged case back for London (import mark), 1915 with an importer's mark of SP which was one of the marks registered by the importers Robert Pringle & Sons. The case has some unevenness to the back but otherwise is in good condition. The plastic lens is in good condition. The enamel dial has some faint hairline cracks although they are difficult to see with the naked eye. The hands are initially set by way of the pin-set mechanism. A later black leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
