

SA376560

Small Vintage English Sterling Silver and Guilloche Enamel Magnifying Glass

Price

Sold**Item Reference: SA376560****Date of manufacture: 1930**

Description

The perfect size to take with you when you are on the go and still need a magnifying glass, measuring 4 7/8" in length with a 2" lens. The handle is made from English sterling silver covered back and front with a beautiful green guilloche enamel. The hallmarks are struck into the silver below the enamel and can be seen through the enamel, this one struck for Birmingham 1930. The terminal is highly decorative, almost in the form of a crown, very regal looking. The lens is of course new, with a nickel frame which is unmarked but probably by Hilkinson, the lens has a good magnification and without damage. Excellent condition.
