Date of manufacture: 1940

Description

This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. The watch is the calibre 28.10RAPC automatic bumper movement, the earliest automatic movement made by Omega. The 'read at a glance' sub seconds dial has been professionally restored and therefore in mint condition. It has gilt hands and black numbers. It also the Omega symbol on the crown. This was the first water resistant case made, it has a waterproof sealed back with a snap on bezel. A new glass has been fitted and the case has been professionally polished so it is in superb condition. As you would expect the watch is fully marked on the dial, movement and case. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. The watch case measures 34mm in diameter not including the crown. Overall this watch is rare and highly sought after by Omega collectors. The watch has been fully serviced by Omega specialist Alan Williams FBHI and is guaranteed to be a genuine Omega in all respects. It has been professionally overhauled, the process is highly detailed and meticulous. It ...
