Description

Early American Birch Double Bed This is a very attractive piece, the style is known as a canon ball bed with a blanket roll, I am sure we understand the term blanket roll but I am somewhat lost as to the meaning of cannon ball The bed is very good quality, it is made in solid birch a heavy wood with a very attractive patina, it has high turned posts at the bed foot with the blanket roll bar between them, wonderful for displaying linens. The bed head has matching turned posts and a polished birch head board between them and it is in excellent used condition The bed comes with flat mattress boards and requires only a 4ft 6" mattress to complete it The bed is 49" high TJC375 We Give Free Delivery to Mainland England & Wales, to see all of our current stock please visit our web site at www.elmgarden.co.uk Delivery times vary from 7 to 28 days We only operate an online store and regrettably viewing in person is not an option.
