Description

This pair of antique Georgian side chairs date from the 18th century. I'm not sure of the wood, although I suspect they could be a fruit wood, or elm or possibly oak. They have been restored, polished & re-upholstered, so they are structurally sound. The backs have a lovely design & the tapered legs are grooved, with a design carved on the tops. Width - 19.3", 49 cm Depth - 19.3", 49 cm Height - 35.5", 90 cm Seat Height - 19.3", 49 cm
