

SA381039

Antique .800 silver pocket watch and chain

Price

Sold**Item Reference: SA381039****Date of manufacture: 1910**

Description

Antique .800 silver pocket watch and chain. The watch has a stem winding movement which is ticking away nicely and the time keeping is within 2 - 3 minutes over a 24 hour period. The jewelled movement is unsigned. The watch measures 47.5 mm diameter excluding the stem and loop. The silver case has Continental .800 silver marks. The case has light surface marks and the odd mild bruise to the back but overall it is in nice condition. The watch lens is plastic and has the odd minor mark but overall it is in nice condition. The dial has faint hairline crack to the outer edge between 3 & 4 o'clock and the odd small nibble under the bezel although hardly noticeable and otherwise it is in nice condition. The hour hand is a later replacement although antique. The watch comes on a sterling silver chain hallmarked for Birmingham 1903 with the makers mark HH. The chain measures 28 cm. Price includes worldwide postage.
