Description

A gents 1950s oversized Cauny Prima wrist watch. The watch has a Swiss hand-winding movement, signed Cauny, which is working nicely. The watch is a generous size at 40mm diameter excluding the winding crown and the lugs. A standard sized watch from this period would measure around 32mm so it is substantially larger. The case is stainless steel and is in good condition with just light surface marks. The lens is in lovely condition. The signed dial has a fabulous appearance with a quartered textured dial which is in super condition. Copper coloured numbers, markers and hands, and also a sub seconds dial and a minute marker track. A later black leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
