Description

A mens 1950s Zenith wrist watch. The watch has a good quality hand-winding movement, calibre 40, which is working nicely and the time keeping is good. The movement is signed with the Zenith name and it also has the serial number 4,719,597 which dates it back to 1958. The watch measures 35mm diameter excluding the winding crown and the lugs so it is a good size for a 1950s piece. The case is stainless steel and it is in good condition. The inside of the snap-on case back has the Zenith name. The winding crown has the Zenith logo. The lens is in good condition. The signed dial is in its original finish and it is in good condition with just light marking, barely noticeable to the naked eye. Dauphine shaped hands and a subsidiary seconds dial. A new black leather strap with contrasting white stitching has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
