HEAVY BRASS LAMP ON A MARBLE BASE

Price

Sold**Item Reference: SA384498****Date of manufacture: 1920**

Description

This fine quality brass lamp still has the original, very heavy, marble base, and we have recently rewired it to UK specifications. The lamp measures 41cm up to the shade carrier, and the base is approximately 18cm in diameter. The ornate brass work is excellent and we have photographed the lamp lit and unlit to highlight the details. The shade is not included in the price. Because of the weight of the lamp, please allow £15 for p&p within the UK mainland, or it can be viewed and collected from the Surrey area by appointment.
