Description

A gents 1940s Roamer wrist watch. The watch has a Swiss hand-winding movement which is working nicely and keeping good time to within around two to three minutes over 24 hours. The movement is signed with the Roamer Watch Co name and it is protected by an inner cover. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is plated and there is some pitting as you would expect with a 1940s watch, with further wear on the back of the watch. The lens is in lovely condition. The signed dial has fantastic 1940s character with original hands, centre seconds hand and an outer minute marker. The dial is in super condition. A new brown leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
