Description

This is an absolutely stunning example of a ladies dress wristwatch made by the world renowned premier Swiss maker Jaeger-LeCoultre. It has a solid 18ct gold case and stunning design integral bracelet with a diamond attached to every link, very elegant. There are 16 diamonds in all which are very bright as you would expect from Jaeger-LeCoultre and the total carat weight is approx 1ct. The most unusual aspect of this watch is that it has a backwind instead of a crown, this is an extremely rare attribute and was specifically designed to enhance the overall look of the watch and also to stop the crown from catching in delicate items of clothing. This watch has been fully restored, a new glass fitted and it has been professionally cleaned and polished so it is in pristine condition. It looks as though it has been used only for special occasions. As you would expect from Jaeger-LeCoultre the watch is fully marked on the dial and the bracelet and case is fully marked with both British and Swiss hallmarks for 18ct. It comes complete with a new presentation box to keep your watch in perfect condition. Jaeger-LeCoultre are one of the most exclusive makers in the world...
