

SA386166**GOOD WILLIAM IV INVERTED
BREAKFRONT 4 DOOR
BOOKCASE**

Price

Sold**Item Reference: SA386166****Date of manufacture: 1800**

Description

Fine quality late Regency / William IV mahogany inverted breakfront four door bookcase in very good order. The whole piece veneered in striking mahogany veneers. The doors both top and bottom with original carved mahogany decoration. The bottom is cupboards with one shelf in each. The top section with all the original adjustable shelves and all the wonderful original "wavy" glass. The whole piece is in very good original condition apart from the locks with virtually no repairs, all I can see is two very small veneer repairs. The locks have all been replaced later but there is a working key that fits them all. Very nice original colour and finish. SIZE; 85" wide. 22 1/2" deep at the widest point and 89 1/2" high.
