## Description

Victorian Sign Painted Dairy Cupboard, Farm Shop Country Store A magnificent piece of social history a Victorian Dairy Cupboard or preparation dresser from Cheshunt Dairies, advertising fresh dairy and Game products, eggs and diary cured Ham The cupboard is made in solid pine it has a 2 door cupboard at the bottom with a work area and galery at the back. The lower work area is zinc lined and there is a higher smaller block on the right above the drawer This is a one piece cupboard originally the reason for the zinc lining is not obvious but perhaps it was chilled for the preparation of butter or cheese The cupboard is in good sound condition with a little age related wear to the painted decoration, the zinc lining is well worn in one place but this would benefit from the introduction of a chopping board perhaps This would be a fantastic working piece in Grocers or Country store or the ultimate statement in a farmhouse Kitchen The cupboard stands 46" high at the back, the work counter on the right is 34", it is 55" wide and 21" deep TPH115 We Give Free Delivery to Mainland England & Wales, to see all of our current stock please visit our web site at [www.elmgarden.co.uk](http://www.elmgarden.co.uk) ...
