Description

Genuine Round Waterfall Chandelier dating from around 1910-1920 in the Empire Style. This chandelier is dressed full of original glass icicles. A large hand cut crystal ball suspends from the bottom. The frame is solid and has a lovely patina which would fit in nicely in both period and modern homes; it has been sympathetically cleaned and restored without losing the patina. The chandelier has 8 bulbs mounted in the central gallery. This chandelier has been professionally rewired and restored to the highest standard using only the best components, ready for immediate installation. MEASUREMENTS (all approximately) Height/Drop (including the crystals, but no chain) = 61cm / 24in Diameter = 52cm / 20.5in Weight = 12kg Hanging metal chain: 100cm/40in Ceiling Rose included. Salvaged antique chandeliers rarely come with their original hanging chain and ceiling rose intact. For safety reasons we supply our chandeliers with replacement solid metal chain and top quality cast brass ceiling rose with antiqued effect, which is custom-made specially for us using an original rose as template. The chain and the ceiling rose compliment the chandelier beautifully. DEL...
