Description

Absolutely stunning diamond ring set in 18ct white gold. The central diamond is oval in shape and deep set and weighs approx. 1.5ct. Clarity is VVS1 with no inclusions visible under a x30 loop and colour F\G. It is set in a cluster of 16 1.5 point sparkling diamonds. This is flanked by 2 18point diamonds each set in a cluster of 8, 1.5 point diamonds. Again colour and clarity is almost flawless. The 2 outer diamonds are 10 pointers each set in a cluster of 7, 1 point diamonds again almost flawless. Total diamond content for the ring is approx. 2.7ct. The setting and shank is all 18ct white gold and is UK size N1/2 US 7.25. A truly magnificent ring which would make any lady extremely proud to wear. We would advise an insurance value of £9000 for this ring.
